

Matthew V. Longenecker, AIA

Matt joined Phillips & Associates Architects in 1995, and when PAA merged with Graham & Hyde in 2022, he was excited about the opportunity to provide efficient services to clients across Illinois.

Matt has been lead architect on many types of projects, including multi-million dollar school projects, commercial facilities, nursing facilities, and church additions/renovations. His experience covers all phases of architectural service including design development, document preparation, project bidding and construction observation.

Matt and his wife, Kris, have five children, and he volunteers time coaching his daughters' basketball team. He's also involved with his church, St. Mary's Catholic Church in Canton, and a member of the local Knights of Columbus. When he gets the opportunity, Matt enjoys a good camping or fishing excursion, as well as playing the drums.
